240 East Drive, Oakwood OH 45419

930 sq ft. 2 beds, 1 bath. Great location, about 7 min away from Miami Valley, 3 min away from Kettering Hospital, 20 minutes away from the VA, 15-20 minutes away from the Family Med Clinic near Good Sam. It's in a great school district too being in Oakwood (nationally recognized school district) and it's in walking distance (200 yards) from local shops, restaurants (Starbucks, Graeters Ice Cream, Tropical Smoothie, Flyboys Deli), park, and Dorothy Lane Market! There is some very old pictures online from before we made updates to the house (see below for the new things we added), so it looks very different from then. Also, there is a big basement that doesn't count towards the square feet, so there is actually a fair amount more space than the 930. We made part of the basement a lounge area and also transformed part into another guest bedroom (which would make it 3 bedrooms with queen beds in all rooms). Since we owned the house, we have put in a new Air Conditioner, painted all the rooms in the house (upstairs and downstairs), put new carpet in the basement, put new granite and backsplash in the kitchen, new stainless steel appliances (stove, oven, microwave, refrigerator, dish washer), new wooden front door, new black shutters in front of house, painted the side door and awning on the house, painted the shed out back that has electricity to it (about 6' x 12'), painted the outside yellow color on the house grey, and had professional re-landscaping of the yard done as well. Lots of storage space upstairs and in the basement. There are many things redone from the online pictures posted a few years ago, so you are welcome to come see the house or we can take new pictures/Facetime to show the house as well!
Price - \$155,900
