

Records Retention Guidelines

1. Each graduate medical education program will maintain a program file for each resident and fellow. The file will contain a record of the resident's specific rotations and other educational experiences (including procedural logs), evaluations, periodic summative reviews, any disciplinary actions, the final evaluation by the program director, and other information concerning the resident that the program director judges appropriate to maintain in the file for educational and/or credentialing purposes.
2. The employing hospital will maintain an employment file concerning employment and HR issues for each resident.
3. The attached Records Retention Worksheet contains specific guidelines for the management of documents within both the program and the employment files.
4. The resident's program file will be treated as a confidential document. Files will be maintained in a secure location and will be available only to the Program Director, the Director of Graduate Medical Education, the program's evaluation committee, designated staff, and the resident. The resident's access to his or her file should be under direct supervision of a designated staff member of the program or the medical education department.
5. The Program Director may disclose the program file, or portions thereof, to others judged to have a legitimate need for the information, for reasons relating to the accreditation of the program or of the program's participating institutions. The Program Director may also disclose the file, or portions thereof, to others, as authorized in writing by the resident.
